Welcome From Our Chairperson Sandy Spencer

On behalf of the Balloonfest/Air Show Committee, it is my privilege to welcome you to our 14th festival. This event is possible thanks to the many volunteers, our loyal sponsors, and the dedication of committee members who have a heart for service. In a year that has brought so much uncertainty and challenge, we appreciate your support as we do our best to keep you safe while hopefully lifting your spirits a bit.

As we continue to move forward with this unique, family-friendly, affordable event with something for everyone, we realize how blessed we are. The event is not a fundraiser for any one organization, but all profits go back into continuing to grow the event. Our goal is to offer a more enjoyable and exciting event for you to experience each year. By bringing back crowd favorites and adding new and exciting performances, we hope to have you look forward to what is familiar, but also create interest in sharing new things to see and do.

We ask that you take a few minutes to peruse this program to learn

more about the sponsors, contributors, performers, and committee members that partner with us. And we also hope that you join us in offering a genuine "thank you" to those who offer their dollars, services, products, time, and more so we can continue to bring you "Balloonfest, Air Show & So Much More".

I also offer heartfelt appreciation to the team that has worked and planned together for a full year to make this event possible. This year has not been easy! I am truly blessed to work with each person who unselfishly does their part to support the "bigger picture". This is the last year the event will be known as "presented by the Rotary Clubs of Lycoming County" since we are expanding our "committee base" to include any clubs or individuals who are service oriented and dedicated to the vision and mission of what we offer.

Please know that we are happy you have chosen to spend some time with us. We hope you have a great experience. If we can be of service to you today, please let us know.
